Summary: The prophecies written a long time ago by the walkers, oldest of the old.

The prophecy of the Ancients

The Twin forces the Dark and the Light

Merged together to summon the might

And the Chosen Ones, oldest of the old

To waken Chaos, the saviour once foretold

But should they fall to the pain and the nightmare

The heart of the world, death will soon bare

The plague of metal the world will suffer

But the Light there forces will muster

To waken the Keepers, the guardians of the wisdom

To save the future, the past and the Kingdom

The wisdom and the strength gone before

Will be restored by the change in time and lore

And in the Hell of Time's Pool all will be revealed

As the heroes will discover the hideous truth unveiled...

this is one of the poems I write in the morning, when inspiration comes... Once again, I encourage people to rate this... I want to improve myself for your sakes, after all...
